

# Sharing The Light: Radical Love For the World

**OVYM Sessions, June 13-17, 2018**

Friends "Testimonies" from past Yearly Meeting Sessions:

*What drew me to come to OVYM yearly meeting sessions was the reputation of solid children's programming. I knew I wanted my two sons, then early primary ages, to have friends who were Quakers*

Everyone in our family who attended yearly meeting sessions came away each year with new ideas we wanted to use at our monthly meeting, with new and renewed friendships, with a larger vision of what Quaker values could open us up to.

My own spiritual development has been tremendously enriched by attendance in and service to yearly meeting sessions. Working with Quakers outside of my monthly meeting provides me with a larger sense of what is possible, and concrete evidence that others face challenges tremendously similar to those in our monthly meeting.

*Through the years, this back-and-forth sharing and richness of yearly meeting associations has been invaluable.*

Reservations for 2018 begin April 15<sup>th</sup>
