

The High School Youth Program Committee is preparing to solicit applications for the position of High School Youth Program Coordinator. The Coordinator plans, coordinates, and evaluates four weekend retreats, with the support of the Committee.

Qualities desired in a High School Youth Program Coordinator include:

Experience with and enthusiasm for working with high school aged youth;

Commitment to Quaker values

Ability to provide leadership and motivation

Organizational and money management skills

Ability to communicate with high school aged youth, parents, and the broader YM community

Ability to work collaboratively with the High School Youth Program Committee

In addition to advertising among LEYM, the Committee plans to publicize this position in other nearby Yearly Meetings and Quaker schools and colleges. Pending decisions about the composition of the Committee, we hope to receive applications prior to Annual Meeting and possibly commence on evaluating those applications.

Michael Fuson

for the High School Youth Program Committee
